

## HARDIN COUNTY, TENNESSEE

---

### PRESS RELEASE

KEVIN C. DAVIS  
COUNTY MAYOR

First and foremost, I want to commend everyone who is doing their part to protect our community during this unprecedented time. Rest assured I, along with Hardin County Commissioners and other elected officials, are constantly dedicating our time and attention to this rapidly evolving situation.

In keeping with the actions taken by federal and state officials, I have executed a proclamation declaring COVID-19 an emergency and in so doing have sought to ensure all protections afforded to Hardin County citizens under the law are enacted.

While this proclamation is not an order to stay at home, we encourage everyone to follow the recommendations by the CDC and Tennessee Department of Health, including but not limited to, limiting contact or practicing social distancing.

We will continue to provide updates on our social media pages and to our local media outlets.
